CHIEF OF POLICE RESENTS CRITICISM OF LOCAL PAPER

States That Attack is a Boost and Defies Publication of Any Charges Inimical to Him by Morning Paper—States He Will Furnish Ink to Print Articles if Paper Cannot Afford to Buy Same—Will Inaugurate System by Which News Will Be Given Out to Press

Chief of Police James P. Arnold was as mad as the proverbial hornet this morning and it all came about through the publication in a morning paper of a severe criticism of the methods of the Richmond police in maintaining strict secrecy in all matters coming under the jurisdiction of the police department of this city. The editor of the morning paper in today's issue loaded up his journalistic blunderbuss with powder and wire nails and let both barrels loose in the direction of the police department on the west side.

Toady the chief of the guardians of the peace of this municipality expressed himself in no uncertain terms about journalists in general and it is likely that some system will be inaugurated in the future by which the activities of the police will be given out to the reporters on the Richmond papers and which will obviate, to a great extent, the disagreeable friction existing in this city now, and for some time past, between the police and representatives of the press.

Chief of Police Arnold when questioned this morning by a representative of this paper regarding the attack made on him by the morning journal said:

"Perhaps one of the greatest boosts that could be given the head of a police department was that extended to me in an article published in a morning paper. I defy the paper to publish anything that they may have in conjunction with my actions during the time that I have been in office and if they have not the ink to print it with I will furnish it for them."

The article in question charges that the chief of Richmond's gendarmerie arms with withholding certain news items from the press. The chief of police justifies his action on the ground that in many instances

NEW OFFICERS INSTALLED BY HERMAN SONS

The members of Richmond Lodge, Hermann Sons, met in Bank hall last evening for the purpose of holding their annual election of officers. Following the installation of the new officers a banquet was tendered to the new heads by the outgoing officers. The elected officers follow:

President, E. Forwick; vice-president, G. Werner; Corresponding secretary, Adolph Gieger; financial secretary; A. Einhart; treasurer, John Hansen; trustee, S. D. Brasch.

PEOPLE MAKE OFF WITH PENS AND PENCILS

A startling discovery was made several days ago by Postmaster S. F. Jenkins in that his supply of pens and pencils which are put out for the use of the honest people had dwindled to almost nothing.

It is costing the local postoffice on the average of nearly $3 a week for pencils and penholders which are perhaps thoughtlessly carried off by people. "This custom of taking pencils and penholders must stop," said Postmaster Jenkins this afternoon.

CORPORATIONS OWE THE STATE

In a proclamation issued yesterday from Governor Johnson's office 2094 corporations are declared to be delinquent in paying their corporation taxes. The delinquent corporations owe the state in aggregate $52,425.28.

Of the original tax levy of $12,971,541.80, fixed by the state board of equalization last year, $12,919,116.52 has been paid. Penalties collected on taxes amounted to $14,974.81 additional.

CHURCH LADIES' GUESTS AT PARTY

The ladies of the First Christian church were entertained in a very enjoyable manner at the home of Mrs. Edwin Nystrom, 524 Chanslor avenue, yesterday afternoon. During the afternoon's affair Rev. C. A. Young of the church gave an excellent interpretation of Browning's "Saul."

At a late hour in the afternoon refreshments were served.

NO AVERAGE, SAYS SCORER O'HARA BASEBALL CRITIC

Scorer C. B. O'Hara, that modest individual whose name never graces a paper's headline, but who has been a real booster for the Richmond team since its organization, is sorry to announce to the fans that he will be unable to compile a batting and fielding average of the players this week. This is due to the fact that some of the decisions rendered in the recent Sunday game by "Foghorn" Murphy were so rank that justice could not be done to the local players in preparing the batting and fielding averages.

MASK PARTY WILL BE PRETTY AFFAIR

The masquerade party which the members of the Sequoia Commercial club are planning to give on Saturday evening, March 28th, promises to be a very enjoyable affair. The committee in charge of the dance is sparing no expense to make the masquerade hop one of the best given by the club this season.

The hall and club rooms are to be beautifully decorated for the affair in various colored crepe paper streamers.

William Watson, a lather, while working on a building at 70 Hillside avenue, yesterday fell and sustained several lacerations about the face and head.

Man In Dazed Condition Found Near Point Orient

Wandering aimlessly about the hills in the vicinity of Point Orient for three days, a man giving his name as George Taylor, and his residence as 221 Seventh street, San Francisco, was picked up in a dazed condition at a late hour last evening by Officers Barry and Wright.

The man had been seen earlier in the evening wandering across a gully near the Healy-Tibbitts quarry and the police were immediately notified. Officers Barry and Wright, after patroling the vicinity until midnight, finally happened on the fellow who was stretched out in the road near the old shrimp camp.

The man was rushed to the police station where he told a strange story of having started out on Thanksgiving Day with two friends in San Francisco on pleasure bent. They visited several water front saloons after which he remembered nothing. As to how he got in the vicinity of Point Orient he was unable to explain.

He carried a card showing him to be a member of the Structural Iron Workers' Union.

Taylor could not give any definite description of his two friends who led him astray. He will be investigated by the local police.

Another Big Factory Possibility For City

The president of the Shredded Wheat Biscuit factory, of Niagara Fall, N. Y., Alexander J. Porter, is in Oakland looking about for a location for a branch of his factory in this section of the state.

Mr. Porter was in Richmond today, a guest of H. W. Wernse, secretary of the Richmond Industrial commission, and was shown about the city in an automobile.

H. H. Turley, secretary of the Sequoia Commercial club, has had his eye open for parties looking about the east bay shore for locations for factories and as soon as he became informed of Mr. Porter's presence in Oakland he immediately sent a wire inviting the gentleman to come over to Richmond and look around. It was an account of the foresight of Mr. Turley that the shredded wheat man came over today and it is possible that he may conclude to locate in this city which will mean much to Richmond.

SAN PABLOITES COMPLAIN ABOUT SLAUGHTER HOUSE

A protest was filed with District Attorney McKenzie and the county health officer at Martinez last evening against what the protestants recite is the unsanitary condition of a slaughter house in the vicinity of the village belonging to Mayor O. R. Ludewig of Richmond. The signers to the protest, numbering it is said 65 names, set forth in their protest that the place should be closed on account of the danger to the health of the people of the district and that no measures are taken to suppress the effluvium constantly arising from the decaying organic matter around the Ludewig abattoir.

When the attention of Mr. Ludewig was called to the matter this morning he stated that he had not heard anything of the filing of the protest with the district attorney and the county health officer, but he knew of a scheme of some of the residents of the district where the slaughter house is located to get the place condemned for the reason that the property was much desired by certain parties for other purposes.

He stated further that he was expecting to tear the buildings down and stop the slaughter of animals at this abattoir and that he might commense work of removing the structures tomorrow or next day.

RAILROADERS TO HAVE A BIG MEETING

Oakland Division No. 3, Order of Railway Employees, of which a number of local residents are members, will hold a monster initiation and banquet in Bank Hall on Saturday evening. There are about two hundred pledged members of the order here who will be given the secrets of the organization.

The order is run on an accident and insurance protection plan and very little money allowed for social times. Owing to this fact it is practically necessary for about four hundred members to be pledged before a chapter can be started.

This has made it necessary for the local members to affiliate with the Oakland organization, but social times are held in this city for their benefit at brief intervals.

ODD FELLOWS ARE GUESTS AT MEETING

Many members of both Twilight and Eclipse lodges of Odd Fellows were in attendance at the big class initiation and reception held by the Martinez lodge last evening.

The work of conferring the degrees upon the new members of the order was put on by the officers of Byron lodge.

POPULAR YOUNG MAN TO CLAIM NEBRASKA GIRL

Apprentice Instructor C. W. Andrews of the Santa Fe company, will leave this evening on one of the fast Western Pacific trains for Lincoln, Nebraka, where he is going to claim Miss Bessie Wallen, a girl acquaintance of his former school days, as his bride.

The simple marriage ceremony is to take place at the home of the bride in Lincoln, following which the couple will leave for a honeymoon to the Grand Canyon of Colorado, returning finally to Richmond, where they will take up their residence in a cozy cottage at 27 Seventh street.

The news of the intended marriage leaked out several days ago but it was not until a late hour this afternoon that Mr. Andrews laid bare the facts which is to make him a benedict.

RICHMOND DAY OBSERVED AT CITY PLANNING EXHIBIT

Mayor O. R. Ludewig Presides at Affair—Largest Crowd Present Since Exhibit was Opened—Instructive Lecture Delivered by T. W. Ransome, Assistant City Engineer of San Francisco and Consulting Engineer for the Municipal Railways of the Metropolis

Yesterday was Richmond Day at the Oakland Planning exhibit and the magic name "Richmond" seemed to be the magnet that drew hundreds of visitors to the city hall in our sister city from points on the west and east bay shore of San Francisco bay. The attendance was unprecedented and the rooms where the exhibit took place were crammed to overflowing with visitors eager to learn something about the unique show now going on in Oakland.

Mayor O. R. Ludewig, of this city, accompanied by his wife, was on hand and presided over the gathering in that graceful and expetienced manner which has caused the citizens of this community to look with pride on their chief executive.

Richmond was well represented by visitors from the ranks of the lowly citizens with a liberal sprinkling of officials—members of the city council and heads of departments—who took advantage of the opporunity to take in the big show. And then, Richmond's womanhood was well represented by many members of the different ladies' clubs who vied with one another in their efforts to make Richmond Day a memorable one.

The principal address of the evening was made by T. W. Ransom, assistant city engineer of the city of San Francisco, and consulting engineer for the municipal railways of the metropolis. Mr. Ransom's address was pronounced to be a masterpiece and the Richmond officials present will certainly profit greatly by his words of advise. He spoke of the mistakes made in San Francisco and the large amounts of money uselessly expended for the reason that no practical planning had been done beforehand. Richmond was still a city in embryo and had an excellent opportunity to profit by the serious mistakes of her sister communities.

City Attorney Heil was also present and took an active part in the proceedings.

PIONEER WOMAN TO BE BURIED AT OLD HOME

The funeral of the late Mrs. Nancy Jane Hilton, 58 years of age, who died at her home 1614 Macdonald avenue at a late hour last evening, will take place from the old family home at Milton, San Joaquin county, tomorrow afternoon.

Mrs. Hilton was well known in Richmond, having come here during the early days and locating on the west side. She is survived by the following relatives: a husband, Fred Hilton; a daughter, Mrs. Lillian Brown; and a son, Henry H. Hilton.

CAPITALISTS MAY LOCATE PLANT HERE

Three well known auto capitalists, from Flint, Michigan, were being shown about town today by Secretary H. H. Turley of the Sequoia Commercial club, in an effort to secure a site for the erection of a factory.

The names of the three men could not be learned but it is rumored that they are thinking strongly of locating in Richmond on account of the excellent rail and water facilities offered.

Justice is blind, and may not be able to see the technicality which tempts many men to join the Reds and throw bombs at something.

H. J. Curry, ex-coroner of Contra Costa county, and a prominent citizen of the county, was a visitor in Richmond today.

NATIVE SONS FAIL TO HAVE A MEETING

No meeting was held by the local parlor, Native Son's of the Golden West, last evening, on account of a number of past-presidents affiliating with the past Presidents organization which was instituted in Oakland last evening.

It is the object of the new organization to further the ritualistic work of the order. There is a similar organization in San Francisco, and with the Alameda county assembly, are the only two of the kind in the state.

HAND MANGLED IN CANNING MACHINE

C. N. Newly, an employe at the Standard Oil can factory, and residing on the west side, caught his hand in a cog wheel of a canning-machine at a late hour today and as a result of which three fingers were badly mangled.

He was taken to the offices of Dr. C. L. Abbott, where several stitches had to be taken in three of the man's fingers before he was able to return to his home.

PITCHER IS SOME CURVIST I GUESS

Young Pete Starasinich has won thirteen straight games pitching for the crack Ambrose Tailor team of Oakland. This youngster has a fast breaking curve with the best of control, mixed with good baseball knowledge. Last Sunday they defeated the Neward team by a score of six to one. Starasinich only allowed six scattered hits, and struck out eight of the heavy hitting Newark team.

MAN'S HAND MANGLED BY A HEAVY PIPE

E. C. Kane, an employe of the Western Pipe and Stell company, residing at the Germania hotel, had his right hand badly mangled at a late hour this afternoon while handling a large section of iron pipe.

We was immediately rushed to the offices of Dr. C. L. Abbott where his injuries were treated.

INDEPENDENT DEMOCRATIC Official Paper of the City of Richmond

Editorial Department

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

SAY! WHAT DO YOU KNOW ABOUT THIS?

The oil territories of the state are famous over the world for the magnitude and values of their production.

The great orange and lemon groves are renowned as well in Europe as in our own country for their huge total returns in money.

If one were to ask any well-informed person in London or in New York what the great and rich industries of California were, the answer would almost certainly be oil and citrus fruits. And likely ninety-nine Californians in a hundred would make the same answer.

And yet, as a matter of cold fact, the yearly output of the manufacturing plants of Oakland exceeds in value the output of either the oil territories or the citrus fruit territories of California.

The manufactories of this city turned out in the past twelve months over sixty million dollars' worth of products.

Soak that fact into your memory. Repeat it to others. You can't boost Oakland more effectively than by learning and telling the truth about its amazing growth in population and in industries.—Oakland Tribune.

The above is reproduced from the Tribune for a twofold purpose; first, we rejoice with our neighbor that prosperity is coming her way, and we hope it will keep right on coming, which it certainly will, as nothing on earth can stop it now. Second, we desire to call the attention of everybody possible to the fact that if the above facts are true about Oakland they are doubly true of Richmond, for the value of the manufactured products of Richmond are close to double that of Oakland. The Standard Oil refinery of Richmond alone exports from this port a product of manufactured goods probably greatly exceeding a million dollars a month in valuation. Winehaven, now establishing the largest winery in the world here at Richmond, produces a valuation of exports from this port running up into a mint of money every month. Ships docking and loading at Richmond carry cargoes from these two factories alone of over $50,000,000 worth of products per annum to all ports of the world.

In addition to this Richmond has a dozen other large manufacturing concerns, the value of their goods amounting up into the millions annually.

Richmond is the third largest shipping port in California of manufactured goods, in point of tonnage, both by ship and rail, and it is probably safe to state, in view of the figures shown by the Tribune, that the valuation in dollars and cents per annum of the products of all of Richmond's manufacturies is as great, not only as either the oil output or the citrus fruit output of the state of California, but both of them combined.

This is a startling fact, but it will not lack much of being just about correct, and we respectfully submit on the part of this giant young city, now only a dozen years of age, that this is a record to be very proud of.

Harry Hammond complains that he has a rooster that crows from a. m. to p. m. and back again, in spite of bricks, old shoes, clods and profanity. Quite natural. It takes it from the Byron Times, that uses barrels of red ink and crows loud and lustily every time a hen anywhere in Eastern Contra Costa lays an egg.

If men of this and other nations continue to be murdered in Mexico much longer even the supreme patience of President Wilson will become exhausted, and then something will drop. Wilson is slow to anger, but we'll bet something nice that if he got started he would put up an awful big fight. That jaw of his is not square for nothing.

Also say things they should not

Is there anything more pitiful in nature than one tightwad bemeaning another tightwad for his tightwaditis?

Of course, it is really too bad, but somehow home seems more like a home if there is pipe, tobacco and plenty of matches around.

General Villa needs a bath, a shave, a toothbrush and a clean shirt—also a rattling good thrashing.

No, we are not going to buy a limousine. The derned things button up so tight that the people on the outside couldn't tell who we were.

Judging from the continuous returns coming out of the county cler's office, Cupid in this county is pursuing a policy of watchful mating.

What business have the agitators and dive-keeper element of San Francisco coming over here and undertaking to tell us who we should vote for?

A San Francisco police court has brought to light an offender named John Henn. We will admit, to please some of our editorial brethen, that in all probability this Henn sits, but still maintain that the other kind sets.

We have no objection to anybody joining the Muttonhead club that is qualified and feels so inclined, but do object to a member in good standing breaking out of the club and butting into local politics and everything else in sight.

Individual responsibility is invariably turned over to the other fellow, who in turn passes it along, until it is mighty hard to locate. That's the way Adam did about the apple speculation, and the rest of us have been following suit ever since.

Wages of girls in Ohio run from $3 to $5 a week. And yet their employers object to an income tax which makes them share their just proportion of the burdens of government expense. There should be another law requiring them to pay their women hands fair wages.

An agricultural exchange asserts that home-made bread is more filling than baker's bread, and also more nutricious. It may be the latter, and doubtless is, but if there is anything more filling than some brands of baker's bread it must be lead, pig iron, schrapnel, grape shot, dried apples, mercury or sponges.

What's the use worrying about wanting to get to Heaven all the time? You have got to die in order to get to Heaven, and you can buy a colonist ticket and come to California and LIVE! Very few people ever die in California, and it's the nearest thing to Heaven there is on earth.

A large percentage of secret societies have no earthly use for existing other than to keep men away from home night times when they ought to be with their families, but the worst of them all is the college fraternities, which always have a name that sounds like the inside of a padded cell.

Kansas City women held a sock-darning contest a few days ago. Fine! It is an agreeable change to read of something sort of home like going on once more among the ladies, we get so much of the other lines. Now let them hold a steak-broiling tournament and a baby-spanking match, and much else will be overlooked and forgotten.

Election Proclamation

EXECUTIVE DEPARTMENT,
State of California.

PROCLAMATION

WHEREAS, there has been submitted to the Governor of the State of California, by Hon. Frank C. Jordan, Secretary of State, of the State of California, a petition for the removal and recall of James C. Owens as a member of the Senate of the State of California from the Ninth Senatorial District, and demanding an election of a successor to the said James C. Owens as a member of the Senate of the State of California from the Ninth Senatorial District, and said petition and demand have been accompanied with the certificate of the said Secretary of State certifying the sufficiency of said petition and demand;

NOW, THEREFORE, I, HIRAM W. JOHNSON, Governor of the State of California, in accordance with the Constitution and laws of the State of California DO HEREBY ORDER AND PROCLAIM that an election shall be held throughout the Ninth Senatorial District of the State of California, on Tuesday, the 31st day of March, 1914, for the purpose of determining whether or not the said James C. Owens shall be removed and recalled as a member of the Senate of the State of California from the Ninth Senatorial District, and for the purpose of electing a successor to the said James C. Owens as a member of the Senate of the State of California for the Ninth Senatorial District in case the voters of the said District shall recall or remove the said Owens as such member of the Senate of the State of California.

In accordance with Article 23 of the Constitution of the State of California, on the official ballot at such election shall be printed in not more than two hundred words, the reasons set forth in the petition for demanding the recall of said James C. Owens. And in not more than three hundred words there shall also be printed, if desired by the said James C. Owens, his justification of his course in office; and upon the said ballot in accordance with Article XXIII of the Constitution of the State of California, there shall be printed the following question:

"Shall James C. Owens be recalled from the office of member of the Senate of the State of California from the Ninth Senatorial District?"

Following which question shall be the words "Yes" and "No" on separate lines with a blank space at the right of each in which the voter shall indicate by stamping a cross (X) his vote for or against such recall.

On the said ballot, under such question, there shall also be printed the names of those persons who have been nominated as candidates for member of the Senate of the State of California, from the Ninth Senatorial District to succeed the said James C. Owens in case he shall be removed from office by said recall election.

The Board of Supervisors of the County of Contra Costa, shall give notice of said election by causing this Proclamation to be published at least ten (10) days before the date of said election in a newspaper of general circulation printed in said County of Contra Costa, and to be posted as provided by law; and the Board of Supervisors of the County of Marin shall give notice of said election by causing this Proclamation to be published at least ten (10) days before the date of said election in a newspaper of general circulation printed in said County of Marin, and to be posted in the manner provided by law. And in accordance with Article XXIII of the Constitution of the State of California, the officers charged by law with duties concerning elections in said counties, shall make all arrangements for said election.

AND I DO HEREBY offer a reward of One hundred (100) dollars for the arrest and conviction of any and every person violating any of the provisions of Title Four, Part One, of the Penal Code; such rewards to be paid until the total amount hereafter expended for the purpose reaches the sum of Ten thousand (10,000) dollars.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 28th day of January, 1914.

HIRAM W. JOHNSON, Governor.
(Great Seal of State)
Attest: FRANK C. JORDAN, Secretary of State.
FRANK H. CORY, Deputy.

Office of the Board of Supervisors of Contra Costa County, State of California.

Monday, March 2nd, 1914.

RESOLUTION OF INTENTION NO. 224

A RESOLUTION OF THE COUNCIL OF THE CITY OF RICHMOND DECLARING ITS INTENTION TO IMPROVE A PORTION OF SECOND STREET, AND DETERMINING THAT SERIAL BONDS SHALL BE ISSUED TO REPRESENT THE COST THEREOF, AND DESCRIBING THE DISTRICT TO BE ASSESSED TO PAY THE COSTS, CHARGES AND EXPENSES OF SAID WORK.

Be It Resolved by the Council of the City of Richmond, as follows:

That the public interest and convenience require and that it is the intention of the Council of the City of Richmond to order the following work to be done, to wit:

That Second Street from the northerly line of the right-of-way of the Oakland Branch of the Atchison, Topeka & Santa Fe Railway to the northerly line of Ohio Street, and from the southerly line of Ohio Street to the northerly line of Cutting Boulevard, including all intersections and terminations included within said limits, be graded to its full width to the official lines and grades; paved with oiled macadam, and guttered, curbed and sidewalked with cement concrete; that culverts of corrugated iron and concrete with branches, concrete wing walls and portals be constructed on the easterly and westerly curb lines of said Second Street, across Florida, Maine and Virginia Streets and Potrero Avenue; that the existing twenty-four (24) inch culvert under the track of the Atchison, Topeka & Santa Fe Railway be extended northeasterly to the easterly line of Second Street and that a concrete catch basin with cast iron rim and cover be constructed at the last named point, and that eight (8) inch corrugated iron culverts be constructed from said catch basin to the easterly and westerly curb lines of Second Street at the northerly line of said right-of-way; that the existing twenty-four (24) inch culvert be extended southerly to a concrete catch basin to be constructed on the northerly side of Second Street at the southerly line of said right-of-way; that the present twenty-four (24) inch corrugated iron culvert under Second Street south of the track of the Atchison, Topeka & Santa Fe Railway be removed and relaid and extended across Second Street from the said southerly catch basin. That concrete portals be constructed at all exposed ends of the foregoing culverts.

Excluding from the above work any of said work required by law to be kept in order or repair by any person or corporation having railroad tracks thereon, and excepting any of said work now in to the official lines, grades and specifications.

All the above described work to be done in accordance to the plans and specifications therefor adopted by the City Council for said work, at their regular meeting held on the 16th day of March, 1914, now on file in the office of the Clerk of the City of Richmond, reference thereto being hereby especially made.

And the Council further determines that in its opinion the above work of improvement is of more than local or ordinary benefit and declares that the cost, charges and expense of said work, including incidental expenses, shall be and are hereby made chargeable against, and shall be assessed upon, such lands and district, all of which district is within the City of Richmond, County of Contra Costa, State of California, more particularly bounded and described as follows, to-wit:

Commencing at the northwesterly corner of Lot Twenty-four (24), Block Nine (9), as shown on the Amended Map of the City of Richmond, filed in the office of the Recorder of Contra Costa County, California, on the 31st day of March, 1905; and running thence easterly to the northeasterly corner of said Lot Twenty-four (24); thence southerly to the southeasterly corner of Lot Twenty-two (22), said Block Nine (9); thence along the southerly line of said Lot Twenty-two (22) to the northeasterly corner of Lot Eighty-seven (87), Block "A," as shown on the map entitled "Santa Fe" filed in the office of the Recorder of Contra Costa County, California, on the 17th day of March, 1900; thence to the southeasterly corner of said Lot Eighty-seven (87); thence to a point on the northerly line of Block Nine (9), said Santa Fe, which point is 112.5 feet easterly from the northwesterly corner of said Block Nine (9); thence southerly parallel to and 112.5 feet easterly from the easterly line of said Second Street to the southerly line of Virginia Street; thence to the northeasterly corner of Lot Five (5), Block Six (6), said Santa Fe; thence to the northwesterly corner of Lot Six (6), said Block Six (6); thence to the northeasterly corner of said Lot Six (6); thence to the northwesterly corner of Lot Seven (7), said Block Six (6); thence to the northeasterly corner of Lot Eight (8), said Block Six (6); thence to the southeasterly corner of said Lot Eight (8); thence to the northeasterly corner of Lot Six (6), Block Five (5), said Santa Fe; thence to the southeasterly corner of said Lot Six (6); thence along the southwesterly lines of Lots Five (5), Four (4) and Three (3), said Block Five (5), to the easterly line of Lot Twelve (12), said Block Five (5); thence southerly parallel to and 112.5 feet easterly from the easterly line of Second Street to the northerly line of Cutting Boulevard; thence along the said northerly line of Cutting Boulevard to a point 112.5 feet westerly from the westerly line of Second Street; thence to the northwesterly corner of Lot Forty-eight (48), Block Four (4), said Santa Fe; thence to the southwesterly corner of Lot Two (2), said Block Four (4); thence to the southwesterly corner of Lot Six (6), said Block Four (4); thence to the northwesterly corner of said Lot Six (6); thence to the southeasterly corner of Lot Twenty-two (22), Block Three (3), said Santa Fe; thence to the northwesterly corner of Lot Twenty-three (23), said Block Three (3); thence to the southwesterly corner of Lot Thirty (30), said Block Three (3); thence northerly parallel to and 112.5 feet westerly from the westerly line of said Second Street to the southerly line of Ohio Street; thence to the southwesterly corner of Lot Ninety (90), Block "A," said Santa Fe; thence to the northwesterly corner of said Lot Ninety (90); thence westerly to the southwesterly corner of Lot Twenty-one (21), Block Six (6), said City of Richmond Tract; thence to the northwesterly corner of Lot Nineteen (19), said Block Six (6); thence to the northeasterly corner of said Lot Nineteen (19); thence to the northwesterly corner of Lot Twenty-four (24), Block Nine (9), said City of Richmond Tract, and the point of commencement.

Being all in the City of Richmond, County of Contra Costa, State of California. Saving, excluding and excepting from said district all public streets, avenues, lanes, alleys, and places therein included and contained.

That said City Council, under the authority conferred upon it by the provisions of that certain act of the Legislature of the State of California approved April 7, 1911, and known as the "Improvement Act of 1911," determines and declares that serial bonds be issued to represent the cost of said proposed improvements; said bonds shall be serial, extending over a period of five (5) years from the second day of January next succeeding their date, and shall be issued to represent assessments of twenty-five dollars ($25.00) or more remaining unpaid for thirty (30) days after the date of the warrant issued to the contractor, or five (5) days after the decision of said Council upon an appeal; an even annual proportion of the principal sum of each bond shall be payable by coupon on the second day of January of each year after its date until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year at the rate of seven (7) per cent per annum on all sums unpaid until the whole of said principal and interest is paid; and said bonds shall be issued in accordance with the provisions of said "Improvement Act of 1911."

This resolution of intention is adopted under the provisions of the "Improvement Act of 1911," approved April 7th, 1911.

The Richmond Record-Herald, a daily newspaper published and circulated in said City of Richmond, is hereby designated as the newspaper in which this Resolution of Intention shall be published, and the City Clerk is hereby directed to cause this Resolution of Intention to be published by two insertions in said newspaper in the manner required by said "Improvement Act of 1911," and the Superintendent of Streets is hereby directed to cause to be conspicuously posted along the line of said contemplated work and all streets included within said assessment district notices of the passage of this resolution, in the manner and form required by said "Improvement Act of 1911."

I hereby certify that the foregoing Resolution of Intention was passed and adopted at a regular meeting of the Council of the City of Richmond, on March 16, 1914, by the following vote:

Ayes: Councilmen Garrard, Fernald, Hartnett, Penry, Lane, Picton, Willis and Follett.

Noes: None.

Absent: Councilman Ludewig.

In Witness Whereof, I have hereunto set my hand and affixed the corporate seal of the City of Richmond this 17th day of March, 1914.

RESOLUTION OF INTENTION NO. 218-2

A RESOLUTION OF THE COUNCIL OF THE CITY OF RICHMOND DECLARING ITS INTENTION TO IMPROVE PORTIONS OF SANTA FE AVENUE, AND NICHOLL AVENUE, AND ALL OF PIEDMONT PLACE; CREATING AN ASSESSMENT DISTRICT TO BE ASSESSED FOR THE COSTS, CHARGES AND EXPENSES THEREOF, AND DETERMINING THAT SERIAL BONDS SHALL BE ISSUED TO REPRESENT THE COST THEREOF.

Be it resolved by the Council of the City of Richmond as follows:

That it is the intention of the Council of the City of Richmond to order the following work to be done, to wit:

That Santa Fe Avenue from the southwesterly line of Richmond Avenue to a line drawn at right angles to the center line of said Santa Fe Avenue, through the southeasterly corner of Block Fifteen (15) of the Third Addition to the Town of Richmond, including the intersection of Nicholl Avenue and the termination of Piedmont Place with said Santa Fe Avenue, be graded to its full width to the official lines and grades, paved with oiled macadam, and curbed and guttered with cement concrete and have cement concrete sidewalks constructed thereon.

That Nicholl Avenue from the northwesterly line of Santa Fe Avenue to the southeasterly line of Martina Street; and Piedmont Place from the northwesterly line of Santa Fe Avenue to the southeasterly line of Martina Street, be graded to their full widths to the official lines and grades, paved with oiled macadam, and curbed and guttered with cement concrete and have cement concrete sidewalks constructed thereon.

That culverts of corrugated iron and concrete be constructed at the following places: On the northwesterly curb line of Santa Fe Avenue across Nicholl Avenue and across Piedmont Place.

That a manhole of brick and concrete, with cast iron ring and cover, be constructed at each of the following places: At the intersection of the center line of Santa Fe Avenue and the center line of Nicholl Avenue, and at the intersection of the center line of Santa Fe Avenue and the center line of Piedmont Place.

Excepting from the above work any part now in to the official lines, grades and specifications, and further excepting any of said work required by law to be kept in order or repair by any person or corporation having railroad tracks thereon.

All the above described work shall be done in accordance with the plans and specifications adopted by the Council of the City of Richmond for said work by its resolution duly passed at a regular meeting of said Council held on the 16th day of March, 1914, and numbered 218-2, now on file in the office of the City Clerk of the City of Richmond, reference thereto being hereby especially made.

And the Council does hereby determine and declare that the public interest and convenience requires that said work and improvement should be done, and that said proposed work and improvement is of more than ordinary or local public benefit, and will affect and benefit the lands and district hereinafter described, which said district is hereby declared and established to be the district benefited by said work and improvement, and that the costs, charges and expenses of said work, including incidental expenses, shall be and are hereby made chargeable against, and shall be assessed upon such lands and district, all of which district is within the City of Richmond, County of Contra Costa, State of California, and more particularly bounded and described as follows, to-wit:

Beginning at the most northerly corner of Lot One (1), Block Three (3), as said lot and block are delineated and so designated on that certain map entitled "Amended Map No. 1 of the Town of Richmond," filed in the office of the County Recorder of Contra Costa County, California, on November 10, 1900; thence southeasterly to the most easterly corner of said Lot One (1), Block Three (3); thence southwesterly to the most southerly corner of said Lot One (1), Block Three (3); thence southeasterly to the most easterly corner of Lot Four (4), said Block Three (3) Amended Map No. 1 of the Town of Richmond; thence southwesterly to the most southerly corner of Lot Four (4), Block Twelve (12), as said lot and block are delineated and so designated on that certain map entitled "Map of Third Addition to Town of Richmond," filed in the office of the County Recorder of Contra Costa County, California, on June 17, 1901; thence northwesterly to the most westerly corner of said Lot Four (4), Block Twelve (12); thence westerly to the most southerly corner of Lot One (1), Block Fifteen (15), said Map of Third Addition to Town of Richmond; thence northwesterly to the most southerly corner of Lot Three (3), said Block Fifteen (15); thence northwesterly to the most westerly corner of said Lot Three (3), Block Fifteen (15); thence northerly to the most southerly corner of Lot Six (6), said Block Fifteen (15); thence northwesterly to the most westerly corner of said Lot Six (6), Block Fifteen (15); thence northeasterly to the most northerly corner of Lot Six (6), Block Four (4), Amended Map No. 1 of the Town of Richmond aforesaid; thence southeasterly to the most easterly corner of said Lot Six (6), Block Four (4); thence northeasterly to the most northerly corner of Lot One (1) said Block Four (4); thence southeasterly along the southwesterly line of Richmond Avenue to the most northerly corner of Lot One (1), Block Three (3), aforesaid, and the point of beginning. Being all within the City of Richmond, County of Contra Costa, State of California. Saving, excluding and excepting from said district all lanes, alleys, streets, avenues, and places therein included and contained.

That said City Council, under the authority conferred upon it by the provisions of that certain Act of the Legislature of the State of California, approved April 7, 1911, and known as the "Improvement Act of 1911," determines and declares that serial bonds be issued to represent the cost of said proposed improvements; said bonds shall be serial, extending over a period of five (5) years from the second day of January next succeeding their date, and shall be issued to represent assessments of twenty-five dollars ($25.00) or more remaining unpaid for thirty (30) days after the date of the warrant issued to the contractor, or five (5) days after the decision of said council upon an appeal; an even annual proportion of the principal sum of each bond shall be payable by coupon on the second day of January of each year after its date and until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year at the rate of seven (7) per cent per annum on all sums unpaid until the whole of said principal and interest is paid; and said bonds shall be issued in accordance with the provisions of said "Improvement Act of 1911."

This resolution of intention is adopted under the provisions of the "Improvement Act of 1911" approved April 7, 1911.

The Richmond Record-Herald, a daily newspaper published and circulated in said City of Richmond is hereby designated as the newspaper in which this Resolution of Intention shall be published, and the City Clerk is hereby directed to cause this Resolution of Intention to be published by two insertions in said newspaper in the manner required by said "Improvement Act of 1911" and the Superintendent of Streets is hereby directed to cause to be conspicuously posted along the line of said contemplated work notices of the passage of this resolution in the manner and form required by said "Improvement Act of 1911."

I hereby certify that the foregoing Resolution of Intention was passed and adopted at a regular meeting of the City Council of the City of Richmond, on March 16th, 1914, by the following vote:

AYES: Councilmen Garrard, Fernald, Hartnett, Penry, Lane, Picton, Willis and Follett.

RESOLUTION OF INTENTION NO. 201-2

A RESOLUTION OF THE COUNCIL OF THE CITY OF RICHMOND DECLARING ITS INTENTION TO IMPROVE A PORTION OF SIXTH STREET, CREATING AN ASSESSMENT DISTRICT TO BE ASSESSED FOR THE COSTS, CHARGES AND EXPENSES THEREOF, AND DETERMINING THAT SERIAL BONDS SHALL BE ISSUED TO REPRESENT THE COST THEREOF.

Be It Resolved by the Council of the City of Richmond, as follows:

That it is the intention of the Council of the City of Richmond to order the following work to be done, to wit:

That Sixth Street from the southerly line of Ohio Street to the northerly line of Cutting Boulevard, including the intersection of Virginia Street with said Sixth Street, be graded to its full width to the official lines and grades, paved with oiled macadam, and curbed, guttered and sidewalked with cement concrete. That culverts of corrugated iron and concrete, with branches and concrete wing walls and portals be constructed across Virgina Street on the easterly and westerly curb lines of Sixth Street. That the existing culverts in the Florida Street and Maine Street intersections be extended to the curb line, and that portals and wing walls of concrete be constructed thereon; that the existing curb returns in Florida Street and Maine Street intersections be removed and relaid, and that the space between the old and new curbs be graded and paved with oiled macadam.

Excluding from the above any portion of said work now in to the official lines, grades and specifications, and excluding therefrom any portion of said work required by law to be kept in order or repair by any person or corporation having railroad tracks thereon.

All of said work and improvement to be done in accordance with the plans and specifications adopted by the Council of the City of Richmond for said work by its resolution duly passed at a regular meeting of said Council held on the 16th day of March, 1914, and numbered 201-2, now on file in the office of the City Clerk of the City of Richmond, reference thereto being hereby especially made.

And the Council does hereby determine and declare that the public interest and convenience require that said work and improvement should be done, and that said proposed work and improvement is of more than ordinary or local public benefit, and will affect and benefit the lands and district hereinafter described, which said district is hereby declared and established to be the district benefited by said work and improvement, and that the costs, charges and expenses of said work, including incidental expenses, shall be and are hereby made chargeable against, and shall be assessed upon such land and district, all of which district is within the City of Richmond, County of Contra Costa, State of California, and more particularly bounded and described as follows, to-wit: Commencing at the northwesterly corner of Block Thirty-three (33) as shown on "Map of Santa Fe" filed in the office of the Recorder of Contra Costa County, California on March 17, 1900, and running thence to the northeasterly corner of Lot Nine (9), said Block Thirty-three (33); thence to the southeasterly corner of said Lot Nine (9); thence to the northeasterly corner of Lot Ten (10), said Block Thirty-three (33); thence to the Southeasterly corner of lot Twenty (20), said Block Thirty-three (33); thence to the northeasterly corner of Lot Twenty-one (21), said Block Thirty-three (33); thence to the southeasterly corner of Lot Nine (9), Block Thirty-two (32), said Santa Fe; thence to the northeasterly corner of Lot Ten (10), said Block Thirty-two (32); thence to the southeasterly corner of Lot Twenty (20), said Block Thirty-two (32); thence to the northeasterly corner of Lot Twenty-one (21), said Block Thirty-two (32); thence to the southeasterly corner of Lot Nine (9), Block Thirty-one (31), said Santa Fe; thence to the northeasterly corner of Lot Ten (10), said Block Thirty-one (31); thence to the southeasterly corner of Lot Nineteen (19), Block Thirty (30), said Santa Fe; thence to the northeasterly corner of Lot Twenty (20), said Block Thirty (30); thence to the southeasterly corner of said Lot Twenty (20); thence to the southwesterly corner of Lot Twenty-eight (28), Block Twenty-five (25), said Santa Fe; thence to the northwesterly corner of said Lot Twenty-eight (28); thence to the southwesterly corner of Lot Twenty-nine (29), said Block Twenty-five (25); thence to the northwesterly corner of Lot Thirty-nine (39), Block Twenty-four (24), said Santa Fe; thence to the southwesterly corner of Lot One (1), said Block Twenty-four (24); thence to the northwesterly corner of said Lot One (1); thence to the southwesterly corner of Lot Twenty-nine (29), Block Twenty-three (23), said Santa Fe; thence to the northwesterly corner of said Lot Twenty-nine (29); thence to the southwesterly corner of Lot Thirty (30), said Block Twenty-three (23); thence to the northwesterly corner of Lot Thirty-nine (39), said Block Twenty-three (23); thence to the southwesterly corner of Lot One (1), said Block Twenty-three (23); thence to the northwesterly corner of Lot Twenty-nine (29), Block Twenty-two (22), said Santa Fe; thence to the southwesterly corner of Lot Thirty (30), said Block Twenty-two (22); thence to the northwesterly corner of Lot Thirty-nine (39), said Block Twenty-two (22); thence to the southwesterly corner of Lot One (1), said Block Twenty-two (22); thence to the northwesterly corner of said Lot One (1); thence to the northeasterly corner of said Lot One (1); thence to the northwesterly corner of Lot Nine (9), Block Thirty-three (33), said Santa Fe, and the point of commencement. DYNAMITERS TO FACE TRIAL IN MARTINEZ TODAY

The trial of the three alleged dynamiters found in a bot near Point Orient sometime ago is set to come up in the Superior Court at Martinez this afternoon.

The trial of the three men alleged to have had high explosives in their possession has been postponed until today owing to the fact that Attorney Austin Lister, who is to represent them, was busy with a Wheatland case.

Large and Growing Richmond Industry

While making the rounds of the various and many industrial plants of Richmond, in the interest of the Richmond-Contra Costa County Exhibit to be installed at San Francisco the editor of this paper went through the California Chair Co's. big furniture factory today, and was agreeably surprised at the magnitude of the establishment and the fine class of goods which they turn out. It is a revelation to go through that factory and see them make furniture and take note of the class of goods which they supply the public, and our people ought to go out there and see it—it is all very interesting, especially to the average person who knows so little about that sort of thing.

There are about forty men at work there, making a grade of furniture that is good as any made anywhere in the west, and it is expected that the force can be increased to at least a hundred men shortly. They have all kinds of machinery and some of it picks up lumber and twists and bends it into all sorts of shapes. If a fellow got caught in one of those machines he would come out looking like a Tammany politician—plenty crooked.

Mr. W. A. Schrock is the manager of the institution and he evidently knowns all about furniture, for he is giving the other big California factories a mighty good run for their money, and is building up a big trade for the Richmond factory that now extends over a very wide territory, goods being shipped from here to Honolulu and many other foreign ports as well as to the large cities of the west. He recently completed a very large order for elegant chairs for one of the largest cathedrals in San Francisco.

There ought to be a large display of that furniture down town here where everybody could see it, as it is a big advertisement for Richmond, and probably not one person out of a dozen here has any idea of the extent and magnitude of this industry here or of the class of goods manufactured. We are going to place an order there for the furniture necessary for the Richmond permanant exhibit in San Francisco, and will take pride in pointing it out to many thousands of people as a sample of what Richmond can do in this line. Our local manufacturies should be encouraged in every possible way and their goods should be in demand in preference to any other. Pride in our city should prompt that, if nothing else did.

At this factory the eucalyptus wood of California plays an important part, and some magnificent work is done there with it. Another specialty which Mr. Schrock is making is the sanitary bed, which is made like the iron and brass beds are, except that it is of wood instead of metal, and is now getting into great demand. They are very handsome and are destined to come into universal use.

Richmond is getting to be one of the most important manufacturing towns on the Pacific coast, and getting more so all the time. These factories contribute the bulk of the money and prosperity to Richmond and are thus entitled to much respectful consideration on the part of all of our people and all possible financial and moral help should be extended to them. In boosting Richmond factories and their products we are boosting Richmond.

CALIFORNIANS FIND QUICK RELIEF FROM THEIR STOMACH AILMENTS

Hundreds of California people are needlessly suffering from stomach trouble while relief is near at hand. Many have found swift relief and health by the use of Mayr's Wonderful Stomach Remedy.

The first dose convinces—no longer treatment.

Here is what two Californians say:

L. C. JONES, Martinez, Cal.—"I took Mayr's Wonderful Stomach Remedy with most pleasing and surprising results. My trouble has principally been gastritis, with gas around my heart at times so bad I thought I was going to die."

R. W. GRAY, 5873 Moneta Avenue, Los Angeles, Cal.—"My wife and I have both taken Mayr's Wonderful Stomach Remedy and both are well now. If I should get sick I would sure send for more."

These expressions are extracts from letters. Thousands of other letters like them show how this remedy has proven itself to thousands. It is quick and safe. It is known all over the nation.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and poisonous matter. It brings swift relief to sufferers from stomach, liver and bowel ailments. Many declare it has saved them from dangerous operations and many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators; so be cautious. Be sure it's MAYR'S. Go to Richmond pharmacists and ask about the wonderful results at has been accomplishing—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful results. —Advt.

CHIEF OF POLICE RESENTS CRITISM

(Continued from Page 1)

the publication of stories involving the issuance of warrants of arrest and accounts of burglaries and other violations of the laws of the land only assist in warning malefactors of their impending doom should the police find them. Or course, the chief believes the up-to-date burglar reads the daily papers, and there is reason to believe they do, and he is adverse in giving out any information until after the culprits are caught, for the reason stated.

The outcome of the fight between the morning paper and the chief of police is awaited with interest by the people of the community.

In justice to the Richmond police department, the Record-Herald can state that no difficulties have been experienced by its reporters in getting whatever information it has required pertaining to the numerous cases coming to the attention of the department in this city. In fact, its representatives have always been treated with the utmost courtesy.

LIABILITY ACT BEING TESTED

A test case to determine whether employes of steam railroads operating in California come under the workmen's compensation act is being heard by the state industrial accident commission. The hearing was instituted by the Southern Pacific railroad in the case of James Ruth, an engine repairman killed at Roseville, January 17th, when an iron bar fell on him.

The point at issue is that employes of the Southern Pacific are engaged in interstate transportation and therefore subject to the federal law exclusively.

The railroad company contends that shopmen, repairmen, trainmen and even clerks are engaged in interstate transportation. Ruth was working on a switch engine used both in handling state and interstate business. The widow filed a claim with the board for adjudication.

NO PLUMBER MAY PLEAD POVERTY

KANSAS CITY (Mo.) March 19—Judge Bird virtually ruled yesterday that no plumber may righteously plead poverty. He compelled James A. McCauley, plumber, who is suing Kansas City, to put up $25 as guarantee of costs in the suit.

McCauley had contested the city's move to secure costs on the ground that he is too poor. He earns only $5 or $6 a day.

"In fifteen years of practice I have known of only one bankrupt plumber," Judge Bird said, "but there were hundreds of bankrupt lawyers in that time."

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backachy or Bladder trubles you—Salts is fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases. —advt

DOUBLY PROVEN

Richmond Readers Can No Longer Doubt the Evidence.

This Richmond citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. James Wright, 1110 Roosevelt avenue, Richmond, Cal., says: "I was troubled all the time with weakness and pains in the hips and loins. I was almost laid up. I got up in the morning feeling so tired, lame and worn out, that it was all I could do to start my house-work. My kidneys were weak and if I caught cold, it always made me feel worse. I tried everything I heard of, but didn't seem able to get relief until I began taking Doan's Kidney Pills. I soon felt like a different woman. After I had used four boxes, all the ailments had gone and my health was fine."

No Trouble Since.

On April 21, 1913, Mrs. Wright was interviewed and said: "I haven't had a sign of kidney complaint since Doan's Kidney Pills cured me some years ago. You may continue using the endorsement I have given them before."

UNEMPLOYED PURCHASE AN ACRE OF LAND

SACRAMENTO, March 10.—Two hundred and fifty members of General Kelley's "unemployed army" are camped tonight on an acre lot of their own, in Oak Ridge acres, in the Haggin Grant, an exclusive subdivision in North Sacramento, six miles from the city, and figuratively laughing at the authorities. The ground was purchased yesterday by H. McClure, a captain in Kelley's army, through Walter Lyle, secretary of the Sacramento Socialist local. The county authorities are in a quandary how to proceed to disperse the men, who claim the right of ownership entitles them to stay on the property.

The last delegation of the Kelley army crossed the Yolo-Sacramento river bridge from Yolo county today and pointed their "army" mates on the newly acquired tract. Tents have been erected and the men are quite comfortable in their new quarters.

They said they would remain there until their leaders are released from Sacramento jails and until 1,500 men said to have been organized recently in San Francisco join them. A wagon load of provisions reached them tonight.

Constable Michael Judge has sworn in thirty special officers, and Under Sheriff Just has a number of extra deputies ready to meet any emergency that arises. Sheriff David Ahern was stricken with heart failure at the new camp today and is seriously ill. Attending physicians say the "unemployed" problem he has faced the last few days is responsible for the attack.

The "union" faction of the "army" which was camped at the Davis State farm, this morning, marched to Woodland today and are camped tonight, 180 strong, on Southern Pacific property. These men reached Davis at midnight, but did not appear on the streets until 10:30 a. m. Then they demanded food and started with sacks from store to store to collect it. In many of the stores they were met by armed clerks and owners, who drove them out. Others gave them food. Not satisfied with the amount, the men started a house-to-house canvass, but stopped when Constable Richard Rea promised them breakfast if they would eat and move on. Coffee and bread were served.

The men attempted to board a Southern Pacific gravel train for Woodland but were driven off by railroad officers, who are following them on their march.

At Woodland the citizens supplied them with food and the army has promised to depart tomorrow morning.

Adjutant General Forbes was recalled from his Yuba county ranch today by Governor Johnson and requested to remain on the ground and keep close watch on the situation.

Governor Johnson left for San Francisco tonight.

The land purchased by the unemployed in Oak Ridge acres is a select section of the subdivision, and within a short distance is the $20,000 villa of former State Senator Marshall Diggs, the $10,000 home of Dr. H. W. Strader and the picturesque country home of A. A. Trueblood of the Sacramento News corporation.

On the porch of Trueblood's home were several deputies, who are guarding the neighborhood. Trueblood said that his wife had taken a revolver and driven from his place during the afternoon a number of the men who were scouting for food.

It is reported that the acre owned by the unemployed will become the rendezvous of "companies" headed this way from San Francisco, Los Angeles and other sections of the state.

The International Defense league of San Francisco sent William Gerke here today as its representative. The league proposes to lend all assistance in its power to the defense of the men in the county jail. Associated with Gerke are R. L. Buck, James Moore, J. S. Wightman and Mrs. Lulu Wightman.

INTERVENTION PETITION HAS BEEN FORWARDED

MARTINEZ, March 19.—The following telegram was received by Sheriff Veale from Congressman Curry Wednesday morning and shows that the latter has allowed no grass to grow under his feet, in looking after the interests of his constituents:

Hon. R. R. Veale,
Martinez, Cal.

Interstate Commerce commission has indefinitely postponed the effective date of the order in Docket No. 3799, suspended the tariffs filed in compliance with that order and filed complaint presented at San Jose, Santa Clara and Marysville. These matters will all be consolidated and taken up for consideration in due course. Forward your petitions and I will file them with commission.

Postponement effective date of order March 16th.

C. F. CURRY, M. C.

Wash., D. C., March 18, 1914.

When the chairman of the governing boards of the towns of Martinez, Antioch, Pittsburg, Hercules and Pinole have affixed their signatures to the formal pleadings in intervention which are to be filed with the Interstate Commerce commission to prevent the abolition of the terminal applying to practically all of the shipping points in this county and when Chairman J. H. Trythall of the board of supervisors had signed for all of the points without the incorporated towns, the application and petition was sent on its way to Washington, D. C., early Wednesday morning.

The papers are being sent direct to Congressman Charles F. Curry and will be filed by him with the commission immediately upon their receipt. The signatures to the petitions were obtained Tuesday afternoon and evening by John Bermingham, Jr., and J. H. Morrow, who as soon as John S. Partridge had prepared the papers left in an automobile to visit all of the towns above mentioned and they completed their task about 1 o'clock Wednesday morning.

This is another instance of what can be accomplished by united effort. A course of action was outlined at Monday afternoon's meeting and within 24 hours the pleadings had been signed and were in the mails going eastward. The Contra Costa boosters are a bunch of the livest live wires ever known and when they outline a course of action for themselves something is bound to happen in record time.

HIGH SCHOOL NOTES

By Earl McCann

The cast for the Windmills of Holland were rehearsed at the home of Miss Beth Martin in Berkeley last evening.

A number of the track squad took advantage of yesterday's heat to take a "dip" in the cool waters of the bay. Those who composed the party were D. Cox, W. Neville, M. Lipp, P. Adams and L. Cameron.

Tomorrow afternoon the members of the junior and senior classes will tangle with the two lower classes on the cinder path at East Shore park. The point winners who will probably figure in the meet are Lipp, Brown, Hawkins, Richards and Donnelly.

PAST POCAHONTAS CLUB ORGANIZED

A number of members of Onetah Council, Degree of Pocahontas, at a meeting held last evening completed arrangements for the organization of a Past President Pocahontas club.

The members who favored the organization of the new club are Mrs. M. Shea, Mrs. Clare Barry, Mrs. Sarah Kenny, Mrs. Annie O'Rourke, Mrs. Esther Smith, Mrs. Margaret Peterson, Mrs. Hilda Gerald and Mrs. Lottie Donnelly.

EAGLES TO MAKE MERRY AT JINX HELD THIS EVE

This evening the members of Richmond Aerie of Eagles will hold a banquet and jinx in A. O. U. W. hall to celebrate the starting of their new membership campaign which is to last for several weeks.

Roy Patterson, president of the order, will have charge of the evening's ceremonies and will see to it that a merry time is enjoyed by all.

It is planned to have a number of the high officers of the order present to speak during the banquet.

ATTORNEY SEEKS TO STOP TRIAL

MARTINEZ, March 19—A writ of prohibition to prevent the Superior Court of Contra Costa county from proceeding to try Thomas Mooney, Joe Brown and H. G. Hanlon, charged with having high explosives in their possession, was filed Tuesday with the Supreme Court by Attorney Henry B. Lister. Lister claims that the Contra Costa court has ignored a writ of habeas corpus he filed recently with the higher court in behalf of the same defendants and has announced its intention of placing the defendants on trial.

As a matter of fact it was Lister's suggestion that the cases were set for trial on March 31st to be then continued if for any reason the trial could not proceed. The habeas corpus writ was petitioned for in the Supreme Court on February 25th but as yet there has been no action taken.

LESEES OF STATE LAND TAX IMMUNE

SAN FRANCISCO, March 19.—The state or a municipality cannot tax the lessee of lands from the state upon such holdings. The position of the state as a lessor is defined as identical with that of a private landlord, in a decision handed down today by the Supreme Court in the case of the San Pedro, Los Angeles and Salt Lake Railroad company versus the city of Los Angeles.

In reversing the lower court, Justice F. W. Henshaw, who wrote the decision, remarks that to admit the right of the state to tax the railroad company on its leased tide lands would mean to revolutionize the whole fiscal system, a thing for the legislature, and not the courts, to do.

The construction of bulkheads and important work done on the Long Beach tide lands in question, says the court, are "as truly in form of rent as though the state had exacted an annual payment of money," continuing, Justice Henshaw says:

"As the tenant may not deny his landlord's title, so his possession is but the landlord's possession, and the value of that possession, whatever it may be, is therefore the property of the landlord. By no possibility could this possession ripen into ownership."

The action for recovery of taxes assessed by the city of Los Angeles and paid under protest, was started in the courts of Los Angeles county. In reversing the lower court, the Supreme Court directed it to overrule the demurrer to the plaintiff's complaint, which had been sustained.

Long association with the well known human race leads one to believe that anyone who gets the vote of the fault-finders will be elected.

CHURCH TRUSTEES MEET TOMORROW

Tomorrow night a very important meeting of the trustees of the Calvary Baptist church will be held at the home of the pastor, 1317 Farrett avenue. The church has been growing so rapidly that some very acute problems are facing the church officers. The trustees are Messrs. T. E. Woods, G. C. Henley, J. D. Shuster, E. J. Woods and A. L. Lewis.

"THE SPRING STYLES REALLY ARE WOHDERFUL"

THEY ARE ON DISPLAY AT CHERRY'S

"CHERRY'S have the right clothes at the right price, and once you become a customer you will remain one, because CHERRY clothes give satisfaction. Take this suit I have on, for example, girls. Did you ever see anything that beat it in style? The lines are perfect, it has held its shape wonderfully, and as for texture, when I tell you I have been wearing it for six months you can easily set that there is nothing but first-class goods in it. This delightful store allows one to make a deposit on a suit, dress, petticoat or whatever is needed, and then you can regulate your payments as best suits you. Think of how much easier this plan is than paying on a cash basis."

They have stores in three cities: Oakland stores, 528 Thirteenth st., for men, and 515 Thirteenth street for ladies; San Francisco, 1009 Market street, for ladies and men, also 2400 Mission street for ladies and men; Los Angeles, 636 S. Broadway, for ladies and men. —advt.

REV. SKINNER WILL RECEIVE HOLY ORDERS

Friday will be a memorable day for Rev. S. K. Skinner, pastor of the San Pablo Baptist church, for on that date he will receive at the hands of the official representatives of the Baptist church of California holy orders. Rev. Skinner has been preaching the gospel of the Master for twenty-two years in this and other states and circumstances have been such that he has never had the opportunity of being regularly ordained, although on several occasions during the past ten years he has had the date set for the ceremony and all arrangements made, but owing to some unforseen difficulty arising, he has been compelled on all these occasions to postpone the event to some more opportune time.

On several occasions when he was about to receive holy orders he was obliged to move to other parts, but he says that he sees no reason why he will not be on hand tomorrow.

Prominent clergymen in the ranks of the California Baptists will be on hand tomorrow. The ceremonies will take place in the San Pablo church and will occur at 2:30 o'clock in the afternoon.

GREAT SALT LAKE PRESERVES TIMBERS

In replacing a railroad trestle recently burned along the north shore of Great Salt Lake, engineers have just found that the piles are still perfectly sound after 43 years of service. Looking for the cause, since these were only of local pine and fir, they found the timbers impregnated throughout with salt from the lake.

At another point on the lake, 18 inch piles, set 29 years, are similarly preserved with salt which has penetrated to their very center. Timbers in the Southern Pacific trestles across Salt Lake, placed in 1902, appear to be as good as on the day when the piles were driven. They have been preserved well above water line by the salt dashed on to them by the waves, a fact apparently anticipated by the engineers who built the trestles.

The first transcontinental telegraph line, built before the railroad, extended west from Salt Lake City through the prosperous mining towns of Eureka, Austin and Virginia City. When the railroad was built, the telegraph line was transferred to follow its right of way and the old poles sawed off at the ground. An engineer who recintly examined the butts left in the ground in the salt desert near Fish Springs found that although fifty years had passed since the poles were cut off the old butts were perfectly sound.

Telephone and electric companies in the Salt Lake valley used the local salt for preserving poles. When set up, about 75 pounds of salt is placed around the pole in the ground. This method cannot be used, however, when the pole is on or near the lawn, or in any place where vegetation is desired.

It is pointed out that the reason why the waters of Salt Lake act as a strong preservative, as distinguished from ocean waters, is because the lake water is so much saltier—being practically a saturate solution. Preservation with salt is of no use in ocean piling against the attacks of teredoes and other marine borers.

Experts in the forest service who have been investigating the preservative treatment of timber offer the suggestion that ties and poles which have been immersed for some time in the waters of the lake ought to be impervious to decay if the salt is not leached out by the action of the elements. It has been suggested that this can be guarded against, for example, by painting the butt of the pole with a coat of creosote which will keep out the moisture and keep in the salt.

We do expert machine work for planing mills, laundries, power boats, printing presses, gas engines, etc., and recharge storage batteries.

JUDGE S. C. HANNUM OPENS OFFICES WILL PRACTICE LAW IN THIS CITY

Judge C. S. Hannum this morning formally opened his well appointed offices in the Pillow building and will, from now on be found ready to assume any kind of work in the law business in room 12.

Judge Hannum has had years of experience in the law practice in both the federal and civil courts of California and other states. He practiced his profession in Alaska for a number of years and took an active part in politics.

He expects to enter the political arena in this county to the extent of fostering the principals of the G. O. P. but he is not anticipating asking for office at the hands of the people.

British Army Officer Begs Food In This City

From major in the British army to hobo in California is the experience of John McGlee, once a shining light in the English aristocracy, now begging something to eat here and there and wondring where the next meal will come from.

Last evening a well-known matron of Richmond answered a knock at her back door. The hour was near five o'clock and she was busy in her kitchen preparing the evening meal for her family. She answered the summons and was confronted by an elderly man, past sixty years, dressed in rags and tatters. The visitor, in a typical English accent begged for a few morsals of bread to satisfy cravings of the inner man. The man's refined language immediately interested the head of the house, who had arrived on the scene, and the human wreck was invited into the parlor.

He unfolded a tale fit for the background of a Balzac classic. His unsatiable cravings for liquor caused his dismissal from the British army. He had ranked as a major under the English flag. Subsequent to his dismissal he secured a berth as private tutor in a fashionable English family. He was well qualified to teach as he had received a master's degree from Cambridge university. This employment did not last long for the reason that he was unable to combat the temptation for intoxicants. He drifted to this country two years ago and has since shifted about from pillar to post, begging a meal here and there and leading the nomadic life of the typical American hobo. He had a refreshing frankness about him, especially when relating the sad story of his life and his weakness for liquor. He discoursed eloquently on philosophic and other abstruse topics and only ceased when his meal was ready. He attacked the vituals and devoured his food ravenously for he had not taken any nourisment for three days.

After finishing his meal the unfortunate and former scion of England's aristocracy thanked his benefactors and took up his march northward with no particular destination in view, a pitiful sight and a living argument for the enactment of laws that will change our social system to the extent that unfortunates of this kind be cared for by a magnanimous government.

THIS SOUNDS MIGHTY GOOD TO RICHMOND

KANSAS CITY (Mo.) March 19.—Kansas, as far south as Wichita, and the western part of Missouri, was covered with from two to four inches of snow last night, and the local bureau predicted a further precipitation.

The snow followed a fall in temperature of 52 degrees since Sunday. It is not believed the fall will cause great damage to fruit trees, as it is stated most of the trees were not far enough developed to be injured.

In Kansas City two inchts of snow had fallen up to 9 o'clock last night with predictions of an all-night precipitation.

PIERRE (S. D.) March 19.—A driving snowstorm is raging in western South Dakota today.
